

Options for parent information on the changes in Massachusetts Common Core Curriculum

As you may have heard, Massachusetts has adopted the National Common Core Standards and D-R has been working to implement this new curriculum in grades Pre-K through 12.

D-R has several ways for you to learn more:

- **August 14, 2012:**

There will be a presentation to the school committee. This will just be an overview, and not a discussion item in this first night.
- **August 22, 2012:**

Parent information night on new common core at D-R High School Auditorium at 6.p.m hosted by teachers and administrators throughout the district.
- **August 28, 2012:**

Follow-up discussion of common core curriculum will be held during school committee.
- **Beginning the week of August 14, 2012 and on-going:**

Curriculum documents will be posted on D-R district and school websites.
- **Fall 2012 and on-going:**

Distribution of material from the district/school/classroom levels.
