

April 2, 2020

Dear Dighton-Rehoboth Community,

The impact of COVID-19 on our families has made us think about accomplishing many of our day to day activities in a different way. The purpose of this communication is to share with you how, in one way, COVID-19 has impacted my work day.

Typically, during a normal school year, I have many opportunities to visit our schools and during the visits I interact with students by asking them questions about their work. Also, during these visits, students had a chance to ask me questions. It is one of the best parts of my day as Superintendent of Schools. Needless to say, with the current societal situation we are in, I no longer have this opportunity.

Therefore, in order to continue to make connections with our students, I would ask that you help me in my quest to see what our students are working on during their Distance Learning Program. I would also like to give our students a chance to continue to ask me questions, and I will respond back to them in a timely manner. Please see the official announcements below. Should you have any questions before submitting your student's work or question, please reach out. Thank you and stay safe.

Sincerely,
Dr. Azar

"What's good Wednesday?"

Superintendent Dr. Azar would like to know, "What's good Wednesday?" Starting Wednesday, April 8, 2020, please submit pictures of your school-related creation/work and call it "What's good Wednesday." Please send a picture of your creation/work to stuwork@drregional.org. We may post your work on our website and Facebook page on the following Wednesday. Please include your name, grade level and school in the email.

Ask the Superintendent

Please ask Superintendent Dr. Azar any question that you have as if he was visiting your classroom. Send your questions to stuwork@drregional.org
