

Dighton Rehoboth Regional School District Families,

As you all know DRRSD has started the year with remote learning. This was not an easy decision for the district to make but the safety of all children, staff, and families was and continues to be everyone's number one concern. As the schools begin to transition to a hybrid model starting in October everyone's safety is still the most important factor. I am writing to inform you that Champions will not be starting the hybrid model with the schools in October. The schools have worked tirelessly to set cohorts and classes for your children with as little interaction with students outside of the cohorts as possible. Currently, Champions is unable to maintain the same cohorts before and after school. In partnership with the district we will be revisiting the availability to reopen our programs in the future as we all get more comfortable maintaining stable groups.

Champions and the district will continue to partner to do what is best for the health and safety of the Dighton Rehoboth community. We will communicate with families each time next steps are taken as we navigate these difficult times. Please know that we miss all of you more than you could imagine, and we can't wait to be back together when we can do so safely.

Please stay safe and don't hesitate to reach out with any concerns,

Kaitlin Grant
