Dear Dighton-Rehoboth School Community:

In light of the increasing local incidence of COVID -19, we are disseminating the Center for Disease Control's recommendations to communities who are preparing for or responding to an outbreak of the Coronavirus.

[Community Mitigation Guidance for COVID-19 Response in the United States](#)

It is appropriate to share this information with our D-R community with hopes to reach our "at risk" families/staff or potential populations exposed to travelers of high risk destinations, within our school community. The CDC's "community mitigation guidance" is a resource the district is sharing as ongoing best practices.

The Dighton-Rehoboth Regional School District respectfully requests that any person(s) who have traveled to global destinations currently experiencing COVID-19, follow the CDC attached guidelines, including daily self-monitoring (temperature taking) and voluntary home isolation. The district will accommodate and provide support to students during any absence.

Additional cleaning procedures within the schools are being evaluated as a precautionary measure. Please continue to remind children of the importance of good hygiene; washing hands before eating, keeping hands away from their face. Through these precautionary measures, we hope to help prevent the spread of COVID-19 in our communities.

While this is a serious public health situation, the CDC in collaboration with state agencies continue to report that the immediate risk to Dighton-Rehoboth and surrounding communities remains low at this time. In the event you have any questions or concerns, please reach out to the nurse at your child's school for more information.

Sincerely,
Dr. Azar

The mission of the Dighton-Rehoboth Regional School District, in partnership with parents and the community, is to provide students with the tools, including technology, to acquire knowledge, apply skills, critically analyze information and issues, and develop social responsibility.
